PROCUREMENT AND INNOVATIVE ENGINEERING

About Our Company

A Brief About The Company

Danachris General Trading LLC was established in 2008 in Dubai, United Arab Emirates with the purpose of providing high quality goods and products that will serve the Middle East and African (MEA) markets. We are a procurement and innovative engineering company. In Danachris, procurement is one of our core capabilities; we are strong and courageous in providing client's specifications and turnkey solutions; that covers, industrial and domestic supplies. As an innovative engineering company, we are solution driven; we solve client problems by applying the principles and process of engineering design to innovatively arrive at the most sustainable and cost-effective solution.
